***Thoughts on Religion, Morality, and Politics***  
**By Adam Hamilton**

Everyone agrees that America is polarized, with ever-hardening positions held by people less and less willing to listen to one another. No one agrees on what to do about it. One solution that hasn't yet been tried, says Adam Hamilton, is for thinking persons of faith to model for the rest of the country a richer, more thoughtful conversation on the political, moral, and religious issues that divide us. This is a substantial book with twenty-three chapters. There are five video sessions. Jean Neely, new member and long-time Methodist from Oregon, will be leading the class.
